

Flex-PhonesAF™ Wireless Listening Center 6-Station with Indestructible Headphones and Multi-Channel Transmitter

LCFW-1 (with 6 Blue Flex-PhonesAF)

LCFW-2 (with 6 Black Flex-PhonesAF)

GO WIRELESS in your classroom with plug-and-play simplicity!

This Flex-PhonesAF™ Wireless Listening Center is a 6-person center, perfect for all multimedia, lab and classroom applications. Each system includes one transmitter and six nearly indestructible, two channel Flex-PhonesAF™ wireless headphones.

The entire system can be switched between 2 different dedicated frequencies with easy color-coded switches. Add another transmitter and you can have two different audio content transmitting to the headphones.

This 6-Person Wireless Listening Center Includes:

(1) Wireless Transmitter (W900-MULTI)

Transmits high quality audio, up to 300 foot range, via FM signal to Flex-PhonesAF or W901 series headphones. Connects to any analog audio source through a 1/8" stereo mini plug.

(6) Blue Flex-PhonesAF™ Wireless Dual-Channel Headphones (FLEXW1BK)

Flex-PhonesAF™ are the nearly indestructible headphones, made from a single piece of safe, non-toxic, BPA-free, soft and extremely flexible EVA foam. With two built-in, dedicated FM channel receivers, these wireless headphones deliver excellent sound quality without antennas, wires or interference! Certified for all major USA and international child safety testing standards, Flex-PhonesAF™ are ideal for children ages 3+ and come with a snap-on extension band for a snugger fit.

(1) AC Cord for use with transmitter and headphone charging (W980)

(1) 6-Way Cable for wireless headphone charging (W990)

Please Note: For configurations with more than 6 headphones, when charging all at one time, you will need additional AC Cord and 6-way cable.
