

6-Person Black Flex-PhonesAF™ Listening Center with AudioAce™ Boombox

LCFW-AA1 (with 6 Black Flex-PhonesAF)

Go wireless with plug and play simplicity. Perfect for all multimedia, lab and classroom applications, this system includes everything you need in a listening center along with high quality, unrivaled functionality and rugged durability.

Simply connect your the Bluetooth-enabled AudioAce™ boombox – the CD, cassette and FM radio media player – to the wireless transmitter, then, via an FM signal, transmit to a nearly unlimited number of wireless, virtually indestructible Flex-PhonesAF™ headphones.

This 6-Person Wireless Listening Center Includes:

(1) AudioAce™ Portable Bluetooth® Boombox and Media Player (MPC-5050):

Built to deliver on the multiple media needs of today's classrooms and withstand the rigors of everyday use, AudioAce accommodates both old and new technologies! Play CDs, cassette tapes, FM radio, and with the built-in Bluetooth, wirelessly stream music through AudioAce™ from any Bluetooth-enabled devices. You can even playback media from non-Bluetooth devices via AUX IN jack.

(6) Flex-PhonesAF™ Wireless Dual-Channel Headphones:

Flex-PhonesAF™ are the nearly indestructible headphones, made from a single piece of safe, non-toxic, BPA-free, soft and extremely flexible EVA foam. With two built-in, dedicated FM channel receivers, these wireless headphones deliver excellent sound quality without antennas, wires or interference!

Certified for all major USA and international child safety testing standards, Flex-PhonesAF™ are ideal for children ages 3+ and come with a snap-on extension band for a snugger fit.

(1) Wireless Transmitter (W900-Multi)

(1) Lockable Carrying Case (LCP), lock not included

(1) 6-Way Charging Cable
