CHRONOQUEST™

MAKE HISTORY

K-12
Grade

Meet ChronoQuest™ – the highly imaginative, knowledge-based learning experience ideal for today's screen-loving students! And, out-of-the-box, ready for teachers.

CQTUBE

Created by technologists, informed by educators, ChronoQuest™ uses Augmented Reality (AR) to shed exciting new light on history. Century-by-century, students quest through time learning about, even adding to, history's past!

ChronoQuest™ Timelines are pre-programmed and regularly updated with content from six subjects for immediate fun, active, and participation learning. All you need is the **FREE** ChronoQuest™ app available both for iOS and Android devices. Follow instructions on how to activate ChronoQuest™, then aim your handheld device anywhere on the timeline to see "Chronos" pop out at you. Interact with Chronos by tapping to visit a web link, or double-tap to watch a related video!

With the available curriculum guides and lesson plans from ChronoQuest™, teachers will easily engage students in a new way of learning from Literature to Science and everything in between.

ChronoQuest™ makes all subjects more fun and engaging to learn. It's a great project-based learning tool. With one timeline, teachers can create limitless quests in Humanities, Literature, Science, Civics, Political History, Technology, Arts – any subject!

It's simple to MAKE HISTORY with ChronoQuest™!

Augmented Reality Timeline . . . Discover History, Century-by-Century!

From the free app, tap to reveal the Chronos in each century, and even add your own to the timeline!

Augmented Reality with Free App!

Manchuria - Prelude to WWII
