

Vray Portable UV-C Sanitizer and V-Claw™ Holder Kit

sanitizing kit

HXRAY-CLAW

The Vray High-Intensity Cordless UV-C Sanitizer is now available as a kit that includes the V-Claw™ holder.

With the popularity of Vray and the wide range of surfaces it sanitizes, the V-Claw™ holder has become a huge in-demand accessory – easily holds Vray over items to be sanitized, without having to hold the unit yourself!

Vray

High Intensity Cordless UV-C Sanitizer

Independent Lab Tests PROVE Vray Kills 99.99% of Covid-19 and Kills 99.9% of Many Other Bacteria!

Easily, quickly and safely clean and sanitize all objects and surfaces with HygenX™ Vray, with UV-C light that kills 99.9% of bacteria on everyday items, used and shared, in today's offices, businesses, homes and classrooms.

Use Anywhere Germs Can Spread – Desks, Laptops, Pens, Tablets, VR Goggles, Cell Phones, Tables, Chairs, Toys, Kitchen Surfaces, Utensils and More!

- Lightweight, cordless, easy to use
- Patented safety sensor turns Vray off automatically if unit is tilted 30° in either direction
- Sanitizes large and odd-shaped objects as well as smaller surfaces and items
- EPA Est. No. 96961-KOR-1

Camera/camcorder not included

Thousands of uses – classroom, home and office – makes the environment safer!

V-Claw™ is the exclusive, specially-designed holder for use with the HygenX™ Vray Sanitizer.

This is the ingenious way to position Vray and other items, effortlessly.

Hold the Vray in the position you want over items to be sanitized, without having to hold the unit yourself. Plus, as a bonus, we are including a smaller clamp to hold your smaller items, too!

Just put a device in the claw and position the arm where you want – the flexible, sturdy V-Claw™ easily moves there.

The V-Claw™ base has a handy C-clamp that easily and conveniently attaches to a desktop, table, shelf, counter or door.

The gooseneck arm allows for convenient positioning and long enough to put into a sturdy "S" shape, to hold heavier items.

Shipping: 5 lbs., 20" x 10" x 10"
