

Wi-Fi IntraOral and Inspection Camera

INTR-C

The HamiltonBuhl INTR-C Wi-Fi IntraOral and Inspection Camera is the most versatile and convenient tool for school, nurses, doctors, dentists and families.

Use this lightweight, rechargeable and portable HD camera to magnify, inspect and document skin, hair or any surface texture. Use it intraorally to check gums and teeth - even hard to reach areas.

With its 30X magnification, and 6 LED lights to illuminate the viewing area, optical high-tech, anti-dust and auto-focus lens, you will have crisp and clear photos seamlessly displayed on an iPad or iPhone via a free downloadable app.

Easily documenting the inspection area with still images and video will be a snap. Best of all, you can save the files to review and share as needed.
