

HamiltonBuhl® 8-Position 3.5mm Stereo Jackbox with Individual Volume Controls

JBP8VA

The newly-redesigned, sleek and modern-looking jackbox turns a media player into a listening and learning center for up to eight students. Delivering stereo sound with individual volume controls allows each listener to personalize their experience.

Constructed of heavy gauge plastic, the JB8V jackbox features improved volume control knobs and jack positions designed to minimize headphone cord tangling.

With eight 3.5mm headphone or headset jacks and a 4-foot connection cable with dual source plugs for a 1/4 inch or 3.5mm inch jacks, this new and improved jackbox is an excellent companion for a wide range of media players!

Pair it up with your choice of HamiltonBuhl® media players and headphones or headsets and you have an 8-Station Learning Center!

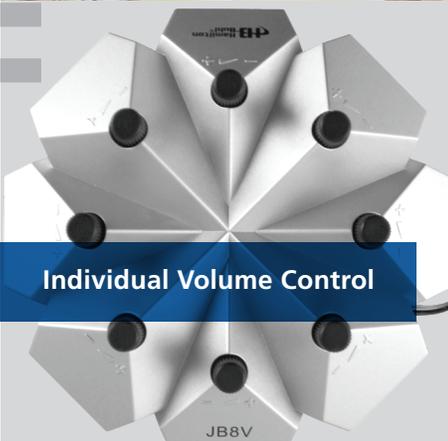

multi-jackbox
