

# Audio Safe Control Cable for Headphones

## NL-CBL

The HamiltonBuhl NL-CBL protects your hearing, it limits the volume delivered to a headset from any audio source. Maximum volume allowed with the Audio Safe™ Control is 80 decibels. There are no controls or buttons, the NL-CBL has a built-in chip that does the work.

Connects with any Audi source that accepts a 3.5mm plug including all Apple™ devices and all other smart phones and tablets.
