TRRS2PC

The HamiltonBuhl TRRS2PC "Problem-Solver" easily converts any headset using a single TRRS plug into a dual plug used by older, standard computers.

Designed to allow single plug headsets, to connect to computers that have 2 jacks: one for the microphone, and one for the headset.

This problem-solver features a compact, sturdy design that allows you to adapt the latest technology to your older computers, laptops and devices.

The TRRS2PC's overall length is 10"; cable is 7" long.

TRRS Plug

SCG-AMV

MS2G-AMV

For headsets with single stereo TRRS plug to connect to laptops and computers with 2 inputs

Problem-Solver!
