

# Four Person Wireless Listening Center

with Multi-Frequency Transmitter and Wireless Headphones

## W904-MULTI

The HamiltonBuhl W904-MULTI lets you go wireless in your classroom with plug-and-play simplicity.

The W904-MULTI is a four person wireless listening center – perfect for all multimedia, lab and classroom applications. Each system includes one transmitter and four wireless headphones.

The entire system can be switched between four different frequencies with easy color-coded switches. Add additional transmitters and you will have up to four different channels of audio simultaneously!

Color-coded Frequencies
