

Personal Voice Amplifier with Wired Microphone

PA-25

When you're speaking to a small group, school audience or at an outdoor event, you need to be clearly heard. The PA-25 Amp-Up!™ Personal Voice Amplifier with Wired Microphone is a winner – with its lightweight design, long battery life and clear, crisp amplification. This unit boasts up to 25W output to cover large areas. You can also record your voice while using the amplifier.

Using the Bluetooth technology, you can stream audio/music content from your Bluetooth-enabled device. You can also play content from a USB/TF card or via AUX-IN.

Amp-Up!™ has top-mounted button/dial controls, making it easy to adjust the sound volume, change to different modes and turn the unit on and off.

Amp-Up! (PA-25) comes with a headworn wired microphone, a carrying strap and waistband hooks for hands-free use.

In short, Amp-Up!™ packs a lot of punch with quality sound and easy-to-use controls.
