Voice Range: 0.7 km

Power Source: 8 x "C" Cells

Working Voltage: DC 12v

Battery Life: 8-10 hrs.

Microphone: Unidirectional

Dimensions: Horn Dia.230mm, Length350mm

Weight: 1.5 kg without cells

Operating Instructions:

1. Open the Back Cover by pressing the Open Button.
2. Insert 8 x "C" batteries then close the back cover until it locks. Now your megaphone is ready for action.
3. To activate the megaphone, switch the button to TALK, and then press the button on the grip.
4. When using the megaphone, place your lips as close as possible to the megaphone or the megaphone on the hanger inlet. Adjust the Volume Control to the desired level without causing any howling or feedback.

Siren:

1. Switch the button to SIREN to activate Emergency Siren.

Notes and Precautions

- Ensure correct polarity of Batteries. Insert the batteries in the correct direction by aligning the (-) marks on the batteries with the spring in the back cover.
- When the megaphone is not in use for a long period, remove the batteries to prevent draining.
- Drained batteries will not give sufficient sound volume.
- Replace batteries at regular intervals, for optimum result.
